

TOOLKIT

UNIVERSAL PITCH DECK

DECK INSTRUCTIONS

A starter kit for pitching your business

- Slides illustrate. Tell a story in a picture. Don't use text that you will read or lots of data that people will try to understand instead of listening to you.
- What is your story? How does it flow from one image to the next?
- What phrases/imagery can you repeat as a theme?
- Could you present it to anyone and they would understand and be excited about what you do?
- Big pictures not small. Words and patterns not sentences.
- Feel free to make more slides if you need to to tell your story.
